Subject: Program Update for Bob P.
Attachments: Program Update_12.8.11.docx

Attached are the materials for the next program update with Bob Perciasepe. Topics include IRIS high visibility assessments, IRIS process, Ramazzini, GAO IRIS Report, Biofuels, WOUS. These are due to the ORD-IOAA by COB tomorrow, Dec. 9. I still need to add to the Ramazzini entry (which I'll do when I'm back in the office this afternoon).

Deliberative Process / Ex. 5

The IRIS high visibility assessments and IRIS process are materials that we've used in the past for these updates -- just with updated dates and information where needed. If you have any comments on those, please let me know.

Thanks,
Kacee
